This policy also provides for those students who need additional support and direction. Individual student management plans may be drawn up. Suggested positive behavioural incentives are listed below.

3.7 PROCEDURES FOR MANAGING STUDENTS' BEHAVIOUR:

Each teacher will work with students to negotiate classroom rules, consistent with the School Rules. The 'Classroom Rules' should be clearly displayed in every room. The school vision, and the rights and responsibilities of each member of the school community need to be considered. Teachers, at their discretion, may use a range of strategies to manage student behaviour. This may look different depending on the year level.

3.7.1 Suggested Classroom Rules

- 3.7.1.1 Respect others and their property
- 3.7.1.2 Allow everyone the opportunity to participate
- 3.7.1.3 Be kind and courteous to everyone
- 3.7.1.4 Strive for your personal best
- 3.7.1.5 Always consider the needs of others
- 3.7.1.6 Think before you act
- 3.7.1.7 Have a positive attitude

3.7.2 Guidelines for managing student behaviour in the classroom

3.7.2.1 Verbal reminder.

If student is not complying with a rule, a verbal reminder of the class rules (without halting the flow of the lesson) is generally the most effective action. Student may be given a choice to behave appropriately or a consequence applies. Children may be given the opportunity to settle, emotionally in a class cool down area.

3.7.2.2 Give a consequence

If the behaviour continues or escalates, an 'in class' consequence needs to be considered: refer to suggested strategies below. Parents/carers may be informed of ongoing inappropriate behaviour.

3.7.2.3 Inform parents

For serious or repeated instances of inappropriate behaviour a record must be kept and parents/carers informed of the inappropriate behaviour and the action taken. An improvement plan may be drawn up between the student and teacher.

3.7.3 Guidelines for managing student behaviour in the playground

3.7.3.1 Verbal reminder

A verbal reminder of school rules is generally the most suitable action. Students may be given a choice to behave appropriately or a consequence applies. The duty teacher may ask restorative Practice questions of the students involved.

Give a consequence

For repeated inappropriate behaviour children will be reminded of school rules and given a consequence: refer to the suggested strategies below.

Inform parents

In the event of severe inappropriate behaviour that affects or has the potential to affect the safety of others, the duty teacher is to attend to any upset children and to send the child misbehaving to a designated area for follow-up. The leadership team is to be notified and parents/carers of all children involved are to be informed of the behaviour of concern and the action take
